

Patundas Trek

📍 Patundas Meadows, Street 4, Hunza, Hunza Nagar, 18500

Venture into the heart of the Karakoram with the Patundas Trek Pakistan – 2025/26, a 9-day journey that unveils one of the most awe-inspiring highland meadows in Northern Pakistan. Located above 4,000 meters, Patundas Meadow sits at the intersection of two great glaciers — Batura and Passu — offering panoramic views of over 16 towering peaks, including Rakaposhi (7,788m), Batura Sar (7,795m), and Passu Peak (7,284m). This trek begins in the enchanting Hunza Valley, crosses the icy terrain of Passu Glacier, and climbs through alpine pastures to reach the pristine, grass-covered plateau of Patundas. Along the way, you'll camp under star-strewn skies, witness glacial lakes shimmering under sunrise, and experience rare solitude at some of the Karakoram's most scenic vantage points. Perfect for seasoned trekkers or fit adventurers seeking a high-altitude escape, this tour combines technical trekking, cultural immersion, and raw alpine beauty in a way few others can match.
